THE DAMIEN MOSQUERA RESEARCH AWARD

In remembrance each year at the NZAGS Annual Scientific Meeting (ASM), a \$1000 prize will be offered for the best submitted oral or poster presentation from a regional centre. The prize will be awarded to the primary author of an oral **or** poster presented at the ASM, that best epitomises the scientific rigour and endeavour that defined Damien's career.

Damien Mosquera was a consultant surgeon from Taranaki/New Plymouth who was on the New Zealand General Surgery Training Committee up until his untimely death in 2014. His time on the committee was defined by his steadfast commitment to encouraging trainees into robust research projects, and many such projects came out of Taranaki Base Hospital as a result of his efforts. Amongst many things, Damien showed us that good quality, contributory research doesn't always come from the big metropolitan centres. This award commemorates his enormous contribution to training in General Surgery in this country.

The Damien Mosquera Research Award Terms and Conditions

- Oral or poster presentations considered in equal competition must be accepted for presentation at the NZAGS Annual Scientific Meeting (ASM)
- Must be from data generated at a New Zealand centre other than metropolitan centres e.g. Auckland, North Shore, Middlemore, Waikato, Wellington, Christchurch or Dunedin.
- Only one author is eligible and must present the paper or poster at the NZAGS ASM
- Fellows are not eligible, but non-SET trainees are (e.g. house surgeons, junior registrars)
- Literature reviews are not eligible
